

Science Fair Project Risk Assessment Form

Required for projects using hazardous chemicals, activities or devices, and/or microorganisms. Must be completed before experimentation.

Student's Name:

To be completed by the Student Scientists in collaboration with the Parent and/or Designated Supervisor.
(All questions must be answered.)

1. List and identify microorganisms and all hazardous chemicals, activities, or devices that will be used.
2. Identify and assess the risks involved in this project.
3. Describe the safety precautions and procedures that will be used to reduce the risks.
4. Describe the disposal procedures that will be used (when applicable).
5. List the source(s) of safety information.

To be completed and signed by the Parent and Designated Supervisor: I agree with the risk assessment and safety precautions and procedures described above. I certify that I have reviewed the Project Plan and will provide direct supervision.
